PROCEDURE: CLOSING THE SHIFT

SAMPLE - NOT A REAL DOCUMENT

דוגמה

Every person on the team, at the end of each shift:

1. Finish what is open, and hand over anything left to the next shift.
2. Put the tools and the stock back in their places.
3. Check that the space is clean, safe and locked where it should be.
4. Clock out in the app before leaving.
5. Tell the manager on shift about anything broken or missing.

Press "I have read it" in the app once you have read it.

This is a sample for the ConceptApp demo. It belongs to no real business or person.
